Priority 2

Category Name Requirements

Actionee HAIS

Sub Category

Subject Missing Traceability to Level 3 Requirements

Description of Problem or Suggestion:

Approximately 250 Level 3 IR1 and TRMM Release requirements have no traceability to the level 4 requirements.

Originator's Recommendation

Complete the mapping of Level 4 to Level 3 requirements.

The Functional and Performance requirements are not documented in the communities Req doc. The purpose of the Communications Requirements Document for the ECS Project is to provide the ESDIS Project office, the PSCN organization, and the NSI organization with information to budget for and specify, the necessary inter-DAAC WAN bandwidth and the bandwidth to be supported at the NSI/Internet interfaces across ECS Releases.

The mapping of the Level 3 Interim Release 1 (IR1) and Release A requirements to the Level 4 requirements for the CSMS segment is provided in Appendix C and D of DID 304-CD-003-002, "Communications and System Management Segment (CSMS) Requirements Specification Document for the ECS Project, dated March 1995.
